

# Welcome *Nursery* Parent and Carers

## Term 2

### Topic: Colour and light

We have had a super busy couple of weeks in nursery. Unfortunately, there has been a lot of illness going around, so please make sure that you are reminding your children to wash their hands and catch their coughs and sneezes, as this will help prevent the spread of more germs. We do everything we can in the nursery to make sure the children are staying safe and following these guidelines.

Our number focus is...

Numbers up to five. We have been looking at what numbers from 1 to 5 look like. Can we count from 1 to 1? We have been focusing on being able to show the right amounts on our fingers and are slowly starting to recognise what the different numbers to five look like.

Our story this term is...

"Brown bear, brown bear". This week, the children have been recalling the story of the brown bear. They have done this by using the book and our story map to help them. It has been great to hear the children talk about our class story and how much they have enjoyed learning about the different animals.

We have already started practicing our carol songs for our Christmas concert. The children have really enjoyed learning all the actions to go along with them. The next couple of weeks in nursery are very busy with all the different Christmas activities we have going on. We are going to the post box and have a panto coming to Perry Court!

Home challenge of the week:

We have been looking at road safety this week. Can your child tell you some of the steps we must take before being able to cross the road?
