

## **Writing at Perry Court E-ACT Academy**

At Perry Court, Writing competence for all pupils is imperative and has its foundations in Reading success.

At Perry Court, we recognise that Writing:

- is a key life skill;
- is a primary basis upon which learning can be judged in school and the work place;
- enables communication and thinking skills;
- allows for the expression of inner thoughts and feelings;
- enables a wide and varied audience to be reached;
- can preserve ideas and memories forever.

Our Writing curriculum provides children with engaging stimuli; a strong foundational understanding of grammar, spelling and punctuation; frequent opportunities for pupils to retrieve and revisit genres (including writing across the curriculum) and a clear learning journey which provides opportunities for independent writing. We aspire to ensure that all pupils become effective communicators with the written word, writing to inform, persuade, entertain and express themselves with precision. We aim to develop and maintain a whole-school understanding of the importance of writing and how it will remain essential in all walks of life.
