

# Slums - Year 5 - Term 2 - Knowledge Organiser

## The World's Five Largest Slums

It is estimated that between 900 million and 1.6 billion people live in slums around the world.

Orangi Town (Karachi, Pakistan)	2.4 million
Neza (Mexico City, Mexico)	1.2 million
Dharavi (Mumbai, India)	1 million
Kibera (Nairobi, Kenya)	700 thousand
Khayelitsha (Cape Town, South Africa)	400 thousand

## UN-HABITAT Definition of Slums

A settlement that is lacking in (missing) one of the following: safe housing; sufficient living space; easy and affordable access to safe water; access to sanitation; the legal right to the home.

## Key Vocabulary

Slum	An informal, densely populated and usually illegal settlement that is inhabited (lived in) by the urban poor.
Settlement	A place where people establish (set up) a community.
Densely populated	Many people living in an area, crowded.
Inhabitant	A person who lives in an area.
Urbanisation	The process whereby an increasing proportion of people live in towns and cities.
Urban	Towns and cities
Rural	Countryside
Migration	The movement of people (or animals) from one place to another.
Push factors	Negative factors that encourage people to leave a particular place.
Pull factors	Positive factors that attract people to a particular place.
Services	A system provided for people, such as transport, education, internet, electricity.
Inequality	Difference or inconsistency
Quality of life	The level of overall wellbeing of an individual, community or a country. It is made up of many factors, including wealth, health, rights and education.
Standard of living	The level of wealth and material goods that an individual, community or country has access to. This is a numerical value, usually measured in US dollars.
